

year	mon.	ATF	GLCTA	Fast Feedback Loop	Nano BPM project	
				FONT/FEATHER	SLAC/LLNL	KEK
2004	6			jitter meas./feedback test	beam test	one cavityBPM
	7	ext. kicker and septum; multipole, power supply		update the kicker and electronics		installation of KEK system
	8					
	9					
	10	multi-bunch emittance, wiggler, stable extraction and multi-train extraction		/feedback test	start to construct metrological frame	
	11			3 BPMs with superfast BPM electronics/feedback test		
	12					
2005	1					
	2			/feedback test	installation of the frame	
	3			1st feedback test		
	4					
	5					
	6			2nd feedback test		
	7	new extraction kicker ?	concrete shield extension		installatio of optical anchor	
	8					
	9					
	10				feedback with multi-train	nano BPM test with two systems
	11					
	12					
2006	1		beam line in GLCTA tunnel	Two Nano BPM systems with FONT/FEATHER		
	2					
	3					
	4					
	5					
	6					
	7		beam line in ATF			
	8					
	9					
	10					
	11					
	12
